

Adjustment to the Terms of Invoice Payments

**James de Gaspé Bonar
Ph.D., CEC, PCC
July 01, 2016**

Invoices from the Bonar Institute are no longer due on receipt. As part of our ongoing commitment to providing our clients with easy, secure and efficient service; we are now allowing for a grace period of 10 days on payments for new invoices. After the 10 day period has elapsed, unpaid balances will be considered overdue, unless other arrangements are made.

We hope that this new measure provides clients with greater flexibility and enhances their experience doing business with us.
